ABOVE AVERAGE READING CHALLENGE: 20 IN 2020 – FAQ

1. What's the Above Average Reading Challenge and how to I participate?

Americans read an average of 12 books a year, so in order to be above average, finish 20 books in 2020. To participate, you just start reading! You don't have to sign up and you can start and finish at any point in the year.

2. What types of books count?

Hardcover, paperback, e-books, audiobooks, graphic novels, comic books, library books, books you own, books you've borrowed, 20 books in the same series— all books count! You just need to read them in 2020.

We're not here to judge or assign reading levels either—books are books.

3. Can I use the same books for the Read Great Things Challenge?

Yup. You can double-dip books across challenges. The number is the key here, not the categories.

4. How do I win the challenge?

Once you finish 20 books in 2020, fill out either this paper form or the online form and submit it to the library. That's it. You won! Come get your button!

5. Do the books have to be from the Durham Tech Library?

Nope, but we do have some great books just waiting to make it on your list!
